Had an amazing customer service experience with RedRadar’s team, right from the beginning. They had been very professional in their services towards us; from the initial zoom sessions to explain about themselves, to setting up a dedicated whatsapp group with our company, all the way to recruiting, interviewing and choosing the right potential candidates for us, according to the specific criterias that we have set. RedRadar’s amazing team are very proactive and would always go out of their way to answer to our enquiries, and certainly gives value added services, be it day or night!👍😊. Thank you RedRadar and congratulations to Tuan Faizal, Tuan Zulkarnain, En Hisham, En Hasraf, Ms Afzan and team! Keep up the good work and fly higher RedRadar! Will certainly would recommend RedRadar to others😊👍💪👏

We had a great experience with RedRadar's customer service team. They made the hiring process much easier for us, and We was so satisfied with their service that I used it twice. They were very professional from the start. They explained their services to us in Zoom meetings and even set up a special WhatsApp group for our company. They take our candidate preferences personally and worked hard to find us the right candidates based on our specific requirements.

The RedRadar team is proactive and always ready to answer our questions, day or night. They provide excellent service, and I want to thank En Hisham, En Hasraf, Ms. Fatin, and their team for their hard work. Keep it up, RedRadar! I would definitely recommend them to others.👍😊
